Phone Installer's Routine Interrupted - He Saves Life

The routine of telephone installation for Thomas Haley of Antioch was broken last week by an unusual happening—a life saving act.

Officials of the Illinois Bell Telephone Co. here list the incident as follows:

"ON FRIDAY, March 6, about 11 a. m., Thomas Haley, an installer-repairman working out of the Grayslake garage, was dispatched to install a telephone at the home of August Burian, 288 Hickory Lane in Antioch. The owner's mother was home at the time taking care of the baby in her daughter's absence. "When she answered the door,

she was in tears and clutching her chest as if in great pain. The woman spoke only Polish, but Tom, having some knowledge of the language, was able to understand that she was having an attack of some kind.

"In an attempt to obtain a pill from a bottle nearby, the woman dropped the bottle and its contents spilled to the floor. Tom immediately got the woman to the couch and placed a pill under her tongue.

SHE THEN TOLD Tom she had a daughter living next door, but he found no one home. He contacted a neighbor who informed him that the daughter had just left.

"He then returned to the home and stayed with the woman for approximately 30 minutes until she had fully recovered. She would not let Tom call a doctor because the pills had all ways corrected the condition."

The telephone company is planning some official recognition for Haley's quick action. The official report adds: "No doubt Mr. Haley's quick thinking and subsequent action saved the woman from a more serious condition or possible death."

Says Sheriff

Scattered Acts Don't Indicate Vandalism Wave

Despite several reports of vandalism in the Antioch area in the past two weeks, the sheriff's office maintains there is no vandalism "wave" as such in the county.

Chief Investigator Charles Larson said that the destructive acts committed recently are "about normal" and that there is no trend or pattern to hint of a vandal gang operating. A gang was in operation a few months ago but that has been broken up, he said.

MOST RECENT report investigated by the sheriff's deputies was the Tuesday entry into the home of Lawrence Erickson, Antioch, at Grass Lake. Furniture and bedding was disarranged and smashed.

Kids prowling at night may have been responsible for a series of incidents including setting fires on the roads with siphoned gas and leaving auto lights on.

VICTIMS OF SUCH an incident last Friday night were Mr. and Mrs. Alfred Bloom of Grass Lake who found their car rolled upon a neighbor's lawn with the lights on. After rolling the car back to his driveway, Bloom found his tires slashed. Later that same night neighbors driving across the bridge at Grass Lake rd. were stopped by a fire apparently set by siphoned gas.

Filling station attendants in the area report similar cases of lights being turned on in autos and gas siphonings. A fire is reported to have been set across the highway near Millburn recently also.

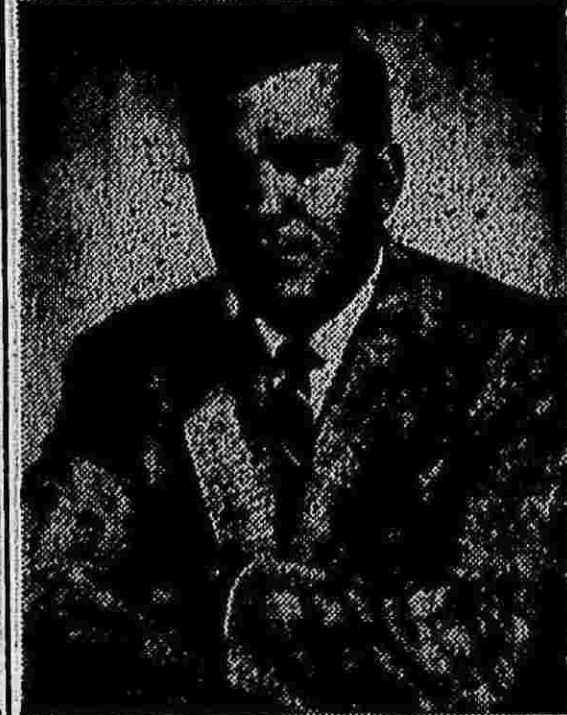

Several windows have been broken in the Venetian Village and Lake Villa areas recently and residents report seeing young boys in the area.

Channel Lake near Antioch has been victim of a fair amount of vandalism in recent weeks with two cabins owned by Walter Arnold entered and the home of Robert Foster entered.

IN THE ARNOLD cabins, entry was made by breaking windows and contents broken and foodstuffs strewn about, the sheriff's office reported. In the Foster home, a door padlock was broken and foodstuffs were reportedly thrown about the interior. Some items were stolen at the Foster home also.

The home of Jerome Neri, Lake Marie, also has been entered in recent weeks by breaking a window. Food again was spread around the house and some fishing gear stolen.

In Antioch itself, Police Chief Walter Scott notes streaks of auto hub cap stealing and some damage to used cars but no other vandalism acts keep him busy.

NU Coach Is Speaker Mon. At HS Dinner

Athletes of Antioch Township High School will get the advice of one of the nation's top football coaches next Monday night at the annual Lions Club athletic banquet.

Speaker will be Ara Parseghian, coach of Northwestern University Wildcats. He is the coach who came to Northwestern three years ago and brought the football team from a winless season to a .500 season in one year. His coaching placed him high in the voting for coach of the year honors in 1958.

HE WILL SPEAK to an estimated 120 high school athletes plus their fathers and the coaches of the high school.

His speech will follow a beef pot roast dinner at 7 p. m. in the high school cafeteria for the athletes.

Following the banquet, the group will adjourn to the auditorium where Dr. Wilfred Biron has arranged a short program with Homer LaPlant as toastmaster. Lions Club President Joseph Patrovsky will welcome the guests and will be followed by a short talk by Bill Dressel.

After the Parseghian speech, the coaches and athletes will be introduced to the audience. Patrovsky will present the names of outstanding athlete in each sport which will be engraved on a trophy kept at the school.

Antioch Sales \$10 Million In 1958

Antioch retail sales in 1958 totaled \$10,956,364, according to a projection of figures from the retailers occupational sales taxes collected during the year.

Illinois sales tax is 3 per cent on each dollar. Of this amount, 1/2 per cent is returned to the municipalities after a slight administration fee is taken out. The amount returned to Antioch was \$48,681.26, figures supplied by Clarence Shults, village clerk, show.

GREATEST SALES month was July when merchants sold \$1,054,060 in merchandise. December showed sales of \$950,688. Poorest month was January, when only \$673,292 in sales was recorded. The three top summer months were June, July and August when sales figures exceeded \$900,000 each month.

However, sales were fairly level from March to December, the sales tax figures show.

Antioch Found 'Absent' In Hospital Planning

President Asks Towns Consider Reps On Board

Antioch has been conspicuously absent in planning for the proposed Countryside Hospital, officials of the group said this week. And, they are puzzled.

The plan for the hospital has been received with great enthusiasm and interest in every other party of Lake County, especially in the Fox Lake area where groups are seemingly on fire. Some individuals from Antioch have inquired about the proposed \$500,000 hospital plan but for the most part officials have heard only silence from this community.

GEORGE HEUER, Town Line Rd., and president of the hospital association said that he felt the silence from Antioch is because of groups or individuals do not fully understand the hospital planning.

He issued a statement this week calling for serious consideration for Antioch representation on the hospital board.

"I am not completely clear in my mind as to just how successful the different sections of this area have been in the past in cooperating and working together as a unit, however, to insure the success of this venture, it will be necessary to receive the voluntary cooperation of all organized bodies in the area.

"IF THIS is attained, I will predict a marked change will be noticed in the thinking of the people in our area and what is starting out as an area could very well wind up as a community—a community with a common interest, a common ownership and a common understanding that has never existed before."

He goes on to explain that the Countryside Hospital by-laws call for a total of 12 directors and as the different areas are represented on the board, he hopes the communities will organize and hold open meetings, spearheaded by all the organized groups in the areas.

He called for each area to begin now to give careful consideration to its representation on the board.

Movie Coloring Contest For Kids This Week In The Antioch News

Get out your crayons, kids, and turn to page 13 of today's Antioch News.

You have this weekend only to color the Tom Thumb picture appearing in the Antioch Theatre ad to win free passes to the theatre. First prize in the coloring contest is 12 free tickets to the theatre which next weekend is showing the fantasy "Tom Thumb" in color. Only kids under 12 can enter.

ALL YOU HAVE to do to win is color the picture, being careful to be as neat as possible, and send it in to PO Box 737, Antioch by midnight Sunday. Entries will be judged on the basis of neatness and originality and winners will be announced next week in The Antioch News.

Second prize is worth six passes to the movie, third place gets three free passes and fourth, fifth and sixth place winners each get one pass to see "Tom Thumb."

Avery Vose, Antioch, Elected President Of Pure Milk Assn.

Avery A. Vose, Rt. 2, Antioch, Tuesday was elected president of the Pure Milk Assn., Chicago, the marketing cooperative representing around 14,000 dairy farmers in Wisconsin, Illinois, Indiana, and Michigan.

Vose served as treasurer of the association the past year. He has been a director since 1951. He succeeds Walter E. Winn, Rt. 1, Richmond, who retired as president at the association's annual meeting in Chicago, March 14, after serving in that office since 1951.

A. W. Agnew, Milton Junction, Wis., was re-elected first vice president. Chester W. Bolcum, Jr., Waco, Ill., was elected secretary-treasurer. W. E. Kline, Rt. 1, Culver, Ind., was elected 2nd vice president and John H. Hopkins, Rt. 2, Delavan, Wis., third vice president.

OFFICERS OF Pure Milk Association are elected by the board of directors. The association is the leading dairy cooperative of the Middle West.

Vose operates a 210-acre dairy farm near Antioch. He has had years of experience in dairy plant management.

He represents Pure Milk Assn. on the board of directors of Illinois Milk Producers Assn., and the latter

organization as a director of the American Dairy Assn. of Illinois. He is also one of three PMA representatives on the board of directors of the Milk Foundation, Inc., Chicago.

He was graduated from Warren Township high school at Gurnee, and attended the University of Illinois and Chicago Dairy College.

Village Light System Near Completion

A new lighting system for Antioch is nearing completion. It will increase the light on the town's main streets as much as 2 1/2 times.

Crews from the Public Service Co. are working on the last phase of the program which has been in the work for three months. The N. Main St. section is the last leg of the work.

ACCORDING TO Owen Fordham, manager of the Public Service office at Lake Villa, the new system requires more than just installation of new lights and extension arms. A complete new-type circuit system has to be put in to allow for the increased power required.

The lighting, authorized by the village board in November, will brighten up some dark spots such as near the Scout House and near the St. Peter's St.-Lake St. intersection. Several trees had to be trimmed also to allow maximum light on the roadways.

THE WORK HAS been somewhat slower than usual because of the hard winter here which required crews having to leave the lighting job to take care of emergency work. Extreme cold made it impossible to work some weeks also, Fordham said.

The project covers all Main St. from North Ave. to Rte. 173; Lake St., part of Orchard St. and Broadway. Public Works Supervisor Edgar Simonsen has worked with the power firm in the installation.

Republican Men's Club To Meet Here Saturday

The Antioch Township Republican Men's Club will hold its first annual banquet Saturday at Smart's Country House. Dinner will start at 7 p. m.

According to Herb Horton, banquet chairman, practically all the tickets have been sold and 300 members and guests are expected to attend.

SPEAKER WILL BE Granville Beardsley, who will be the new attorney general of Illinois.

A gavel will be presented to Herb Horton by Ray Bollar as part of the evening's program.

The club, formed one year ago, now has an enrollment of 278 members.

Further Word On Salem City Plan 'Within 10 Days'

Assured of having a large enough hall for a big public meeting on the Salem Township city plan, prospects for the convalesce this week appeared to be still "up in the air."

One official ventured a guess that the whole issue might die a natural death.

BUT THE SALEM Central High School board last week approved of opening its facilities to an open meeting so it was assured that at any get-together of citizens, as many as 3,000 persons could be accommodated.

"It will be a week or 10 days before we'll have any word on the meeting," said Richard Nuytens, one of the committee appointed to gather facts to present to the public. The reason is that in sifting facts, his committee feels that a legal point needs clarification and that point has been submitted to the attorney general for a ruling.

As time runs out, it appears that

it will be impossible to get the question on the April 7 general election ballot. And so Salem Township is settling down to a normal campaign with only contests for supervisor posts, the township assessor, and two justices of the peace posts.

EARL ELFERS will be unopposed in his bid to repeat as township chairman, and voters will choose two supervisors from four selected in primary election balloting. They are Gilbert Haisma, Neal J. Kiley, Donald Klapper and Lee Wilson. Missing will be incumbent John Schnurr who was beaten by eight votes in the primary.

For two justices of the peace posts voters will choose from E. Ben Noble, George Rupp and William Anderson, and three men are running for the three constable posts: Preston Stoxen, Albert Johnson, Jr.,

and Leo Wazelle. Incumbent William Cavanaugh will oppose John R. Severs for assessor.

AT AN OPEN meeting on the city plan at Trevor two weeks ago, officials urged that a decision be made soon on whether to call for a referendum on the proposal to make the 34-square mile township a fourth class city. Persons attending the meeting felt that there was not enough information presented for or against such a plan and therefore appointed a committee to collect the information and call a township public meeting.

One of the advantages to the city plan, and referred to editorially by a Kenosha newspaper, is the more equal representation according to population on the county board. Other governing problems would also be eased, including uniform development.

HOW TO GET members to join the I-WASH Club is the problem of these members of the publicity committee of the Citizens' Advisory Council to the Antioch High School Board. Their job is to inform the public of the needs for a new high school here and hope to enroll everybody into the I-Want A Second High School Club. They are (from left) Mrs. Arthur Storch, Lake Villa; Gene Blanchard, Illinois School Advisory Council; Winfred Bromstad, Millburn; and Sven Osterlund, Newport township. DEAR READER News Editorials

Sen. Douglas Tells of Gambling, Lake County's Friend, Neighbor

The disclosure, or rather reminder, by Senator Douglas Sunday at Fox Lake that the gambling element has found a home in Lake County apparently has not caused any eyebrows to lift.

In his talk before the Chain O'Lakes Democratic Club, the democratic senator told listeners that 297 federal gambling stamps have been issued in Lake County making it the most popular in that respect in the state.

The talk was political of course, designed to stir up feelings against the republicans, the ruling party in the county. And it suggests that perhaps the GOP has been in power too long without a housecleaning.

However what never ceases to amaze The Antioch News is the apparent calm and neighborliness with which residents live with the gambling. Officials themselves do not seem inclined to start any ball rolling to rid the county of these so-called "undesirable" elements. In fact when one inquires about certain situations known to exist, the officials take a detached attitude, preferring to find out how much the questioner knows about this operation or that operation. Then when the questioner's cards are on the table, so to speak, most officials claim that they (a) want no trouble and, (b) can't do a thing until someone makes a complaint.

However we fear red tape if a complaint is made. As yet, no one has made any denial of the facts as presented by Sen. Douglas, nor would he for fear he would have to show some knowledge about the operations.

The Antioch News takes a view that if gambling is against the law, then it should be eliminated; but if it is to be tolerated, then the law should be changed to permit it. But as long as the law is being broken, by even one group, is this not putting a foot in the door for other undesirable and illegal acts to come in? Perhaps the juke box "rackets" now under fire by the grand jury in Waukegan exist because of this same situation.

We are not too fearful of the present of little old ladies pouring over The Racing Form in local cafes, but when the area booms—especially with the opening of Bong Air Force Base—we are fearful of the gambling quiet broken by the influx of youths with idle time and spare money.

Or will there be enough new gambling joints, new neighbors, to adequately care for the increase in population?

Guilty Of Watching TV? Maybe You Need Time To Do All You Want

Three of the leading magazines of the country will launch an educational program next month aimed at the television audience to prove to them that perhaps they are slaves to the one-eyed monster.

The idea for the campaign comes from motivation research findings that people are in a sense, kicking themselves for watching all the TV programs instead of being selective. The ad campaign will be addressed to "people who watch TV—but love doing things more." Researchers feel that people who say "Why did we sit through all that?" are not criticizing television so much as themselves. They feel guilty for not having done something with their time. What they're saying in effect is, doing beats viewing.

The whole effect is of course, to get folks to spend more time reading magazines for reading is a form of doing.

We have no arguments with that talking picture box or with the magazines for we believe both have their place. Television should be in everybody's home for some of the entertainment and education it carries, and magazines for the most part are excellent providing much worthwhile reading.

Perhaps the magazine people are pursuing a good thing—for them—in attempting to lure TV watchers back to magazines, but we think perhaps that the real problem is time itself.

Everywhere one goes he hears complaints that "I just don't have time to..." The Antioch News finds the same thing when it comes to selling the paper—people feel they don't have time enough to read another publication.

With the tremendous growth of the advertising industry the situation promises to get worse. Even if a person does not add another publication to his house, present ones will get bigger and bigger. The time may even come when a single publication in a family will carry enough diversified news, features and buying information to take the place of the many publications now being taken by a family.

Television too will expand as more and more advertising time is purchased. The competition for the public's time will be highly intense.

It would seem, then, that the problem is to find ways of lengthening the day, to give people enough time to do a fair amount of reading, be entertained by TV, see a movie, and take care of their hobbies, church and civic work, and still relax during a week. We don't have the answer. Any suggestions?

Easter Egg Customs

Many years ago, in Germany, children believed that a large white rabbit came into their homes on Easter Eve and hid gaily colored Easter Eggs for them to find the next morning. Happily, the custom persists to this day.

It's great to be a child in Washington, D.C. on Easter Monday. No adult is admitted to the White House grounds for the annual Egg-Rolling festivities unless accompanied by a child. More and more visitors throng to the Capitol each year to witness the custom started way back in 1858.

Your children can capture all the beauty and fun of the Easter Egg custom without the mess of liquid dyes or transfers. Cook a batch of hard-boiled eggs and let the kids' imagination run riot as they color them with CRAYOLA crayons. Bright crayon colors spread easily, especially when eggs are warm.

Couple Entertains at Bridal Shower to Honor Alice Nelson

Mrs. E. H. Hartnell, Salem, assisted by her daughter, Mrs. F. H. Wheeler, entertained at a bridal shower on last Saturday evening in honor of Miss Alice Nelson of Silver Lake, who will become the bride of Lyle Greenwald, son of Mr. and Mrs. Joseph Greenwald of Salem, on April 18.

Those present were Mr. and Mrs. Edward Jorgenson of Bristol, Elmer Stenzel of Wilmet, Mr. and Mrs. Harry Stoxen, Silver Lake, Mr. and Mrs. Carl Lowery, Mr. and Mrs. Byron Patrick, Lyle Greenwald and Mr. and Mrs. E. H. Hartnell, all of Salem, and Mr. and Mrs. F. H. Wheeler of Silver Lake.

A 7:30 dinner was served and cards were played later in the evening. The bride-to-be received many lovely gifts.

Lions Club May Quit Sponsoring Boy Scout Troop

The Antioch Lions Club will relinquish sponsorship of Boy Scout Troop 92, if the troop desires. The meeting Monday night, attended by 53 members and guests, was held at Adolph's Channel Inn.

After dinner and a short meeting, Jim Horton, scoutmaster for Troop 92, gave an outline of the troop's proposed trip to Yellowstone Park this summer.

The trip will be by bus and is estimated to take about 20 days. The boys will camp out every night except in extremely bad weather. Art Becker, senior adviser for the troop also has some friends in the area that the boys will be traveling who have a connection with dude ranches where the boys could stop for a night.

THEY ALSO have been invited through a contact with the army to visit various army posts that will be on their route, Horton told the Lions.

Cost of the trip is estimated at \$3,500, and the troop is planning means to obtain the money. Each boy and leader going on the trip will be assessed \$40 and the balance necessary will come from the troop treasury.

BECAUSE THE Lions Club has so many other commitments in the form of community activities, Horton felt the club was not devoting proper interest or time to the troop.

There also has been a general misunderstanding between the Lions Club and the troop as to responsibilities of a troop sponsor, the group felt. It was decided that if the

After reading your editorial on the parking in Antioch, I have this to say: Parallel parking on Main St. is a good idea. As a matter of fact, it is "needed."

You'd think we were still in the horse and buggy age when you take a look at the narrow Main St. that is even made more narrow because of the parking. Instead of two lanes, we would have at least three lanes if we had parallel parking.

Now who on earth is going to start moving on a project like this? The Village Board? Certainly we ought to get started. Or are the officials going to sit this one out?

American Legion Auxiliary Picks 3 Americanism Essay Winners

Winners of the Americanism Contest were announced at Friday's meeting of the Antioch Unit 748, American Legion Auxiliary.

Del Jahnke, Americanism chairman, presented the first award to Julie Lightsey, a pupil at St. Peter's School. The second award went to David Soncek, Antioch Grade School and the third award was won by Marilyn Gras, also of Antioch Grade School. Diane Forster of St. Peter's and Jerry Berke of the grade school received honorable mention.

JUDGING THE essays, written on the theme "Why I am proud to pledge allegiance to the Flag of the United States of America," were Mrs. Louise Kauffmann, Mrs. Lloyd Gudel and Mrs. Frances Mongan.

Plans were announced for Thursday's dinner commemorating the 40th anniversary of the founding of the American Legion. The Antioch Post and its auxiliary will celebrate at a party in the Legion Home, with past members and their wives invited. Cocktails will be served at 5:30 p. m., and dinner at 6:30 p. m.

The American Legion was founded in Paris, France, in 1919, when delegates from the American Expeditionary Force held their first caucus. Today a bronze plaque marks the meeting site.

Patients at Downey Veterans Hospital are beginning work on poppies, with the assistance of members of the 10th District Legion Auxiliary Units. Poppy Day will be held toward the end of May.

The auxiliary will hold its next meeting at 8 p. m., April 10. Mrs. Maude Johnson, unit Pan American chairman, will present a program based on El Salvador, the country being studied this year.

First Regular Meet For Channel Lake PTA Is Monday

The newly-formed Channel Lake PTA will hold its first regular meeting Monday at the Channel Lake School. After a short business session, a showing of spring fashions will be presented by Marianne's of Antioch.

Models will include Mary Bierman, Myrna Jungman, Kate Keulman, Lorraine Lindblad, Beverly Roberts, Eileen McBain, Corinne Peters and Betty Mason. Modeling teen fashions will be Nancy Lindblad and Betty Amendola.

Refreshments will be served by the PTA officers. Heading the hostess committee is Mrs. Elmer Eberman, and assisting her will be Mrs. Ray Lasco, Mrs. Fred Wittleder, Mrs. Russell Roepenack, Mrs. Harold Buell and Mrs. Richard Davis.

Soil Preparation Subject of Garden Club Talk

The Antioch Garden Club will hold its regular meeting at 1 p. m. Monday at the home of Mrs. Frank Vanc, Cross Lake. Mrs. Clarence Klemz will be the co-hostess.

Ray Nicholas, county agent for Lake County, will be the speaker and will discuss soil preparation for spring planting. His topic will cover soil testing, crop fertilizing and mulching. A question and answer period will follow.

Mrs. Dudley Kennedy requests all board members to be there one-half hour early, for a short board meeting, at 12:30.

Newport School Card Party Set Friday Nite

A card party will be held at the Newport School Friday night at 8 with games for adults and children. There will be plenty to eat for all.

The party is sponsored by the Newport PTA for the benefit of the school library.

Irish Day At Woman's Club; Next Meet Set

It was Irish day at the Woman's Club meeting Monday at the Scout House as famous organist Hans Von Holwede presented a selection of Irish favorites.

The Woman's Club chorus completed the musical program, giving a medley of three modern religious numbers.

IN THE BUSINESS part of the meeting, it was voted to send two students to the conservation camp this year. The recipients will be selected later.

Next meeting for the Woman's Club will be April 6 when the members will go on a tour of the Johnson Wax plant at Racine and visit an art collection. Details will be announced next week.

Alex Hoffmans Visit Andrew Bagusins On California Trip

Mr. and Mrs. Alex Hoffman just returned from a two months vacation in California. While there they visited with Mr. and Mrs. Andrew Bagusins of San Francisco who lived at Grass Lake from 1928 to 1941. Mr. Bagusins was a steady rider at Smart's Riding Academy and is noted for his great horsemanship. Now retired from his insurance business, he is still active in equestrian circles.

Joan Cervenka

Coed Leads Sorority To Singing Title

Joan Cervenka, daughter of Mr. and Mrs. George Cervenka of Grass Lake, was instrumental in leading her sorority, Alpha Phi, to the women's championship in the Lake Forest College Inter-Fraternity Sing.

Joan, who directed the singing, was presented with a trophy which her sorority will keep for one year.

A music major, Joan is currently practicing teaching at Lake Forest High School while completing her senior year studies at the college.

She is a member of the college choir, the Madrigal Singers, and is secretary of Pi Alpha Chi, the college's honorary music fraternity.

In addition, Joan is music chairman of her sorority.

Establish Deadline For Meeting Notices

Serious space problems at The Antioch News in the last few weeks have resulted in failure to print some meeting notices and other news.

TO INSURE publication of meetings, a deadline must be established. All such notices must be in the Antioch News office by Tuesday noon for publication. Any notices received after that time can not be assured of publication if space for that week is not available. It is hoped that all organization publicity chairmen will comply.

The outcome of most marriages and businesses depends on the income.

THE TRUTH HURTS

When your world is built on a foundation of lies... the truth hurts! That's why the Communists try so hard to stop the truth.

And that's why it's so important for you to help air the truth behind the Iron Curtain!

Now! Send your own Truth Broadcast behind the Iron Curtain over Radio-Free Europe.

You may be flown to Europe to broadcast it yourself... or you may be awarded one of 200 high-powered Hallicrafters short-wave radios!

On a plain sheet of paper just complete this sentence in 25 additional words or less...

"As an American I support Radio Free Europe because..."

Double your reward if you send one dollar (or more) with your entry! If you send a dollar to Crusade for Freedom, and your entry is selected, a member of your family may be flown to Europe with you... or you will receive a Westinghouse transistor radio along with your short-wave receiver!

Send your entries to:

Crusade for Freedom Box 10-P, Mount Vernon, N.Y.

Competition closes March 31, 1959.

All contributions go toward the support of Radio Free Europe. No money collected will be used to defray the expenses of this Truth Broadcast Awards Program.

Women To Wear Bright Straw Hats, Pair Snowbound On Weekend

Men Derbys In '59 Easter Parade

With Easter only several weeks away, spring must be just around the corner. And spring means, to every member of the family, a new hat, a new suit or coat . . . something gay to greet the new season.

Women traditionally chose a new hat for Easter, and Antioch stores are featuring both large and small straw bonnets, all gaily decorated with flowers. There is nothing like a new hat to get one in the spring mood.

Lucille D'Abaldo, owner of Lucille's Cotton Shop, is specializing in little flowered hats for Easter. Dealing primarily with summer cottons, Lucille's is also selling rayon and cotton suits appropriate for Easter Sunday, and which can be worn into the summer season.

As a bright touch to Easter suits, Lucille is showing a variety of bright chiffon scarves, which can be worn at the neckline to complement a hat or accessories.

Marion Pechousek of Marianne's Dress Shop points out that women are buying dressy hats for spring, with emphasis on large hats. Floral

trim is popular.

Dresses for spring are of lace and prints, many of them with jackets. Suits, as always a big favorite, are featured in checks and camel color, but navy is again the top color. Women are buying more brightly-colored clothes than before, remarks Mrs. Pechousek.

This year's suits are of wool and silk, the jackets are shorter, with either box or fitted lines. Skirts are about an inch and a half shorter than last year. Women are showing individuality in selecting their clothes, choosing the length, style and colors that are right for them.

Handbags are bigger this year, with leather and synthetic patent leather leading the fashion parade. Many come in the new brighter colors.

Easter fashions aren't just for women, men come in for their share of the spotlight. Robert Calloway, owner of the Town and Country, reports that derby hats are a lead-seller.

The men are achieving the "continental look," buying blazer stripes in both sportswear and suits. Wash

and wear dress shirts are proving a great success with the men, and doubtless, with their wives.

Another fashion item for the men is top coats in tweeds with ragland sleeves, in dark colors.

Stan Toton, owner of Klass Men's Store, finds narrow and wide-brimmed hats are top sellers for spring. Drip dry shirts, and wash and wear trousers are popular.

Light-colored sports coats and light ties are favorites with the men.

Movie Tells Little-Known Story Of World War II

An unusual amount of authoritativeness in a story of efforts of the Nazis to spread terror behind the lines in 1944 is told in "The Last Blitzkrieg" which begins Sunday at the Lakes Theatre.

The movie, starring Van Johnson, attempts to depict accurately, the bold move in which commandos were dropped behind our battle lines to cut supply lines and commit sabotage and murder in the final days of World War II, says Dick Meyers, manager of the theatre.

The film was shot on location in Holland.

ACORNS 4-H MEETS MONDAY

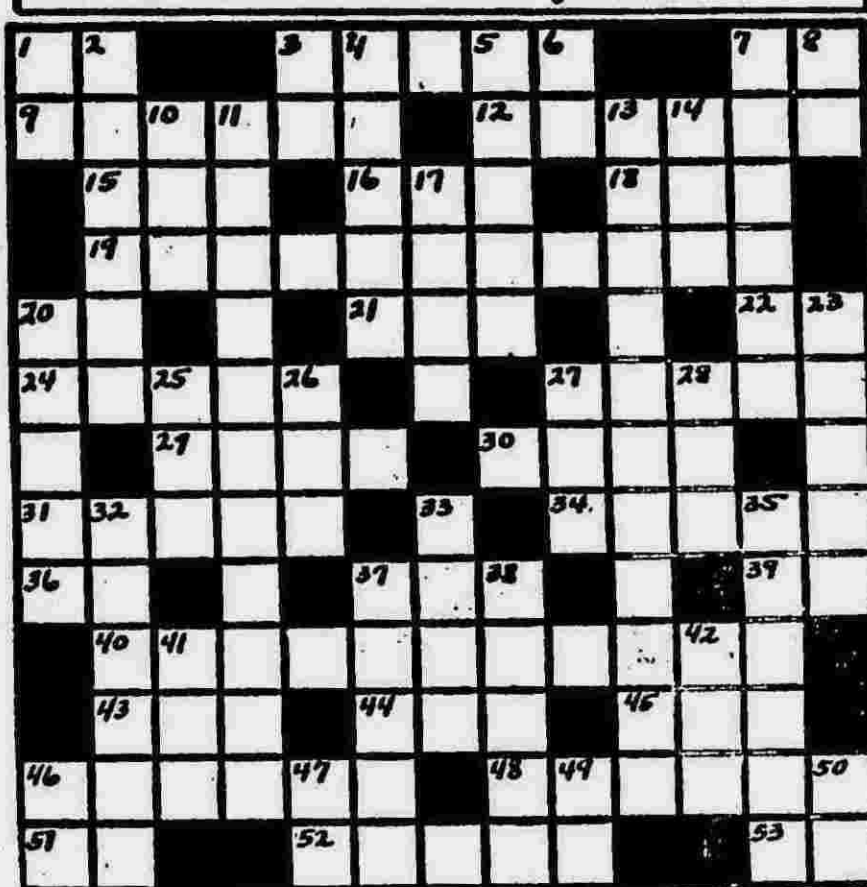

The Antioch Acorns 4-H Club will meet next Monday after school at the scout house, it has been announced. All members are urged to attend.

The world is full of willing people. . . . Some willing to work, the rest willing to let them.

Another thing that causes an increase in the production of automobiles is the failure to come to a halt at Stop signs.

In 1958, 4,000 children under 15 years of age died of cancer. Leukemia accounted for about half of these deaths.

Mental Health Drive For Members Opens

The North Lake County Mental Health Society, Inc., parent organization of the North Lake County Mental Health Clinic, Waukegan, launched its 1959 membership drive March 15 at the clinic.

This drive is not to be confused with a drive for funds for operation of the clinic, which is scheduled for later in the spring.

THE MEMBERSHIP drive is designed to draw together those persons who are particularly interested in furthering the cause of mental health, and give information pertaining to, where and how assistance can be obtained.

Frank G. Denison, coordinator of Guidance at A. T. H. S., has been appointed membership leader in Antioch Township.

FUNDS DERIVED from the two dollar membership fee are to be used by the Society to send teams out into the county, wherever requested, with films and talks about mental health, and how assistance may be obtained.

Three Tips for Safety Snow Hides Road Hazards

Snow covered road shoulders are deceptive, advises the Chicago Motor Club. Use extreme caution when it is necessary to pull off the highway to check your road map or for emergency stops. Snow may hide a culvert, ditch, or other hazard. Best thing to do is look for a little-used country road or farmer's driveway that is clear.

Now Is The Time For Sewer-Water System For Lindenhurst: Engineer

Spread out as it is, Lindenhurst without a sewer and water system of its own faces the toughest situation a town could when it comes to planning for—and paying for—the needed system.

But the town will have to make the best of the situation and go ahead with plans for a sanitary system because "now is the time to put in a sewer system," says Richard Thacker, head of the engineering firm employed by the village.

STREETS, THOUGH oiled, are not permanent and thus a great saving will be realized by cutting through these streets, not paved roads, he said.

But Thacker noted that the village does not have enough assessed valuation to bond for a sewer system and buy the privately-owned water system.

But he suggested to the board at its meeting Monday night that a master plan for sewer and water system be set up so the village board could get an idea of costs and time necessary to install. He was directed by Robert Randall, village president, to present such a plan at the next meeting.

BECAUSE OF the sparse popula-

tion per block, revenue bonds would be impossible, Thacker said. But he suggested a sewer system could be built in part and with a good overall plan, the system could be expanded as needed and as money became available.

"The village will support a referendum for a sewer now," opined Randall but he questioned the wisdom of a partial system.

A suggestion for an oxidation lagoon instead of a sewer treatment plant as a temporary measure was made by the engineer. He assured the board that such lagoons are satisfactory if a good location can be found and in that way more money can be spent in the sewer system. He suggests a sanitary district might be set up as a possible way of securing the proper financing.

The American Flag was first officially displayed over Alaska when Russian troops lowered their flag and U. S. Marines hoisted the Stars and Stripes at Sitka on Oct. 18, 1867.

Each year since 1949 more men than women died of cancer. The proportion is about 83 to 47.

Lyons-Ryan Employee Among Top Ford Car-Truck Salesmen

Ray F. Anderson, Lyons & Ryan Ford Sales, Antioch, has been selected as one of the nation's leading Ford salesmen and received Ford Motor Company's Top-Hat Award at a banquet in Chicago on March 12. The Top Hat citation is awarded to only one per cent of Ford's 25,000 car and truck salesmen across

the nation.

Purpose of the Top-Hat Award is to focus attention on outstanding Ford salesmen and on car and truck selling as a profession that performs a valuable service to the national economy and to the local community.

Even In Wall Street Women Ask a Load of Questions

By William D. Bion
NEW YORK — The gals go to market up here, all right — the stock market.

Seasoned veterans of Wall Street pass off the phenomenon with a philosophical explanation. They say there's a natural affinity between a woman and the stock market — that one is as imponderable as the other.

Still, it's a remarkable sight to see them by the hundreds in the brokerage houses. They scan the boards in search of a bargain as closely as any housewife going through the grocery ads of the hometown newspaper.

One man who has made a serious study of the subject is Milton F. Untermeyer Jr., a partner in the investment firm of Thomson & McKinnon.

"The American woman today is the best dressed, most loved, most emancipated female in all history," says Untermeyer. "With all this glamor and glory, there comes inevitably the desire to handle her own investments."

Of course, this comes as no surprise to the average wage earner. He's watched the little woman handle his cash for years.

BUT WHAT HE may not know is that there are 41 women bank presidents in the United States and more than 10,000 other women in executive bank positions. Annual earnings of women workers are estimated at about \$30 billion and they own \$50 billion worth of life insurance in their own names.

Untermeyer says three factors are largely responsible for drawing women into Wall Street: (1) Where husband and wife both work, she has as much to say about managing their money as he does. (2) Women live longer than men — and often are left suddenly with the problem of handling their own affairs. (3) There are more women working today than ever before.

Whatever the reasons for her presence, the woman in Wall Street is a special customer requiring particular attention. She's inclined to ask a lot of questions — the average man knows all about that, too — and she's likely to play hunches.

"Never underestimate a woman's intuition," says Untermeyer. "I once talked a woman out of investing in Revlon — too speculative, I said — and I've lived to regret it."

Other traits of women that turned up in a recent survey: They hate to dip into capital.

They have a tendency to become emotionally attached to a single security.

They expect more from their investments than men do — and they're more susceptible to "hot tips."

They'll often buy a particular stock because they like the company's product.

There are other consistencies. Women are motivated frequently by local pride. In the South, for instance, they buy shares in the Southern Company and Winn Dixie food stores. In Georgia, Coca Cola, and in New York, Consolidated Edison.

AMERICAN TELEPHONE and Telegraph Company is 60 per cent owned by women — which may be why nothing has been done to limit the duration of telephone conversations. DuPont's stock is 55 per cent owned by women; General Electric 54 per cent; Eastman Kodak 51 per cent, and General Motors 46 per cent.

And if you think the managements of such firms are less bothered with second-guessers than their counterparts in the male dominated companies, you're sadly mistaken.

Untermeyer tells about the railroad official who, after a considerable display of patience with a quizzical questioner at an annual stockholders' meeting, asked the lady why she didn't stop her heckling.

She smiled disarmingly. "Because I love being a stockholder in your railroad."

As he turned away, the railroad man was overheard muttering. "Why can't you go away and love some other railroad?"

1000 Attend Salem Science Fair; 30 Awards Made

Almost 1,000 persons interested in science moved through the 99 exhibit in the second annual Science Fair last week at Salem Central High School.

The rocket ship "Falcon Special" which hung from the ceiling reminded the visitors of the fast and highly technical age we are in.

THERE WERE 30 awards given students in the five scientific categories. These included 12 medals for the best experiments and 10 science pins for the best exhibits. Eight projects received honorable mention certificates.

Top winners were Development of a Chicken Egg (Carol Schultz, Mary Hansen), biology; Arc Type Furnace (Robert Carver, Thomas Ricchio), physics; Construction of

Bridges (John Innes, Charles Jones), physics; Qualitative Analysis (Dave Willems), chemistry; Cycloid (Dennis Mick), physics; and X-Rays (Joanne Evans), physics.

The rocket ship winner in the general science exhibit was called Effect of Colored Light on Plants (Sandra Schulz, Barbara Kerkman, Janice Nofrey).

In biology, the Effects of a High Fat Diet on Guinea Pigs (Jim Ellingson and Gregory Schindler) took first place and in chemistry, Why Say Hydrogen (Louise Cook and Jane Schroeder) was the top exhibit.

In math, Odds Are Against You (Dave Erickson, Ken Parker, Fred Lentz) and Can Sound Waves Be Used as Radio Waves (Edward Raether) in physics were the top winners.

OTHER WINNING entries were: GENERAL SCIENCE: Telephone Set (Robert Schaefer, Larry Fonk, Ben Strobl); Carbide Submarine (Donald Gustafson); Strength of Electromagnets (Darrell Pofahl); Energy Can Be Transformed (John Boettcher).

BIOLOGY EXPERIMENTS: Why Wash Fruits (Martha Eberle, James Barthel); Study of Heredity (Diane Halbach); Effect of Caffeine (Janet Faber, Karen Wisniewski); The Heart (Roseanne Horne, Connie Kremer).

MATH EXHIBITS: Dice Throwing (Karen Norfleet, Joan Levy); Space Travel (Leonard Krawczyk).

PHYSICS EXPERIMENTS: Maniac (Gary Dix); High Fidelity Enclosure (Gene Wierzgac); Physics of a Raindrop (Joyce Olson).

CHEMISTRY EXPERIMENTS: Do You Want to Save Money? (Pat Mentink); Preservation of Vitamin C (Sandra Anderson, Dennis Conway); Iron in Food (Cliff Niles, Richard Thomas, Wayne Remus); Developing a Developer (Larry Boris); Milk Spoilage (Jerry Rasmussen); Finding Molecular Weights (Judy Ruhle, Leilani Ginder, Sharon Herda, Donna Reiter).

Easter takes its name from an Anglo-Saxon goddess, Eostre, who represented light or spring. Anglo-Saxon tribes held a festival in honor of Eostre every April.

2 Parties Slated For Salem WSCS

By Mrs. Byron Patrick
Salem Correspondent

The W.S.C.S. of the Salem Methodist Church met at the parish house on Thursday afternoon with Mrs. Robert Imrie and Mrs. Donald LaMeer as hostesses. Routine business was conducted.

Two parties were reported on the special project. One an informal luncheon at the home of Mrs. Elmer Kaphengst and also a breakfast on Tuesday morning at the home of Mrs. Lester Dix.

The next regular meeting will be March 26 at the parish house with Mrs. Frank Dix and Mrs. Mildred Patrick as hostesses. The meeting will be in the afternoon instead of the evening, due to the fact that it is holy week and there will be services at Wilmet in the evening.

Jack Schultz left Monday for Winter Gardens, Fla., where he will spend a month with his mother, Mrs. Ida Schultz.

Mr. and Mrs. Alfred Schultz have returned home from the Zion hospital where they were both patients.

Victor Imrie and Donald Imrie of Lake Mills spent Wednesday with Mr. and Mrs. Robert Imrie.

Mrs. Charlotte Bloss spent the week end with her daughter, Mrs. Harold McSweeney and husband at Delavan.

The Royal Neighbors met at the home of Mrs. Effie Hartnell on Thursday evening with 7 members present. The next meeting will be with Mrs. Lee De Bell.

Growth Stymies Salem HS Board

Growth problems were under fire at the Salem Central High School board meeting last week and decision on how to handle an estimated 600 students next year have been tabled.

In order to provide room for students living in the Salem area, officials are drawing up a plan to find when to eliminate tuition students because of room shortage requirements. About 100 tuition students are presently in attendance at Salem now.

THE BOARD ALSO decided to offer contract renewals to every member of the teaching staff and add one English teacher to the staff. It also increased the differentiation between bachelor's and master's degrees and granted longer sick leaves, granted payment for department heads, and added reimbursement toward additional training.

The board noted also that the yearly increase in the salary schedule is not automatic but is granted on a merit basis.

Music appreciation and general geography for freshmen were added to the curriculum.

Authorize Hike Of Hiway Head Salaries

Governor Stratton has approved Senate Bill 104 which authorizes county boards of supervisors to increase the salary of highway commissioners in road districts, townships and township districts having a population of 5,000 or less to a minimum of \$10 and not more than \$16 per diem.

WHERE THE population exceeds 5,000, the increase is not less than \$10 nor more than \$20 per diem. In townships of more than 100,000, which have added 75 or more square miles by annexation, the minimum is \$24. The bill becomes a law immediately.

The governor also signed House Bill 79, providing a supplemental appropriation to the Department of Agriculture of \$174,811.87 to be distributed to county fairs and agricultural societies. The law becomes effective immediately.

Easter Egg Rolling Tame Compared to What It Used to Be

The annual White House egg roll is a tame variation of an Easter custom that used to sweep the ancients off their feet.

Nowadays the custom involves hordes of youngsters who converge on the Executive Mansion to send their eggs bowling down the grassy slopes of the White House lawn.

BUT IN THE DAYS when England was as hardy as it was merry, people used to roll themselves down a hill!

Research experts reveal that the English—joyful over the return of spring and the Resurrection of Christ—tumbled down Greenwich Hill at Easter.

Eventually they tired of the sport—or its accompanying bruises—and substituted eggs.

One reason why the egg comes in for such a beating is that traditionally it is a symbol of life from death—the message of Easter. Just as the dead winter gives way to spring, the lifeless looking egg produces the chick.

Grade School PTA Hears Lincoln Facts

Members of the Antioch Grade School PTA enjoyed a very interesting talk on the life of Abraham Lincoln, given by Dr. James Kopriiva Monday evening at the Grade School.

Dr. Kopriiva has made an intensive study of Lincoln and presented many lesser known facts of his political career.

Mrs. Glen Pierce, president, appointed a nominating committee, including Mrs. Arthur Melendirk, chairman, Mrs. W. B. Gillum, and Mrs. Harrison Brown.

Second grade room mothers served refreshments with a St. Patrick's Day theme. In charge were Mrs. W. V. Lahti, Mrs. John Horton, and Mrs. Kenneth Sheldon.

ton and George Grunow. The latter two members have private exhibits on show.

Jackie Horton has a show at O' Dell Jewelers, Genesee Street, Waukegan, dealing with the early history of Waukegan in conjunction with the city's centennial celebration.

George Grunow has his exhibit in the Libertyville Memorial Library, his paintings depicting new techniques using ink in modern art.

DEATH NOTICES

Mrs. Elizabeth M. Fagan

Mrs. Elizabeth M. Fagan, formerly of Antioch, died Saturday, March 14, in Star City, Ind., after a lingering illness.

Mrs. Fagan came to America in 1907 from Mullingar, Westmeath County, Ireland, settling in Chicago. She came to Antioch Township in 1914 where she lived on a farm on Rt. 45 near Millburn.

Mrs. Fagan was a member of St. Peter's Church. She is survived by nieces and nephews. Her husband, Lawrence J. Fagan, preceded her in death in 1932.

Services were held Tuesday at St. Peter's Church with interment in Mt. Carmel Cemetery.

John Swanson

John Swanson, 68, of Sunnyside

Subdivision, Channel Lake, died early Wednesday morning in a Waukegan hospital from a heart ailment.

He was born July 9, 1892 in Smaland, Sweden, and came to this country in 1923. Settling in Chicago, he moved to Antioch in 1950.

Mr. Swanson was a retired cement mason and was a member of the Cement Masons Union.

Survivors include his widow, Gerda; a son Roy, of Lake Villa, a daughter, Mrs. Marianne Palm, Fox Lake. Two brothers and three sisters, all in Sweden, also survive. He had seven grandchildren.

Friends may call at the Strang Funeral home, Antioch, beginning at 7 p. m. Thursday. Funeral services will be held Saturday at 1:30 p. m. with the Rev. Alfred H. Langhough, Trinity Evangelical Lutheran Church of Long Lake officiating.

Youth Rally Set Saturday Night Lake Villa School

A youth rally sponsored by the Lake Region H. C. Clubs will be held at the Lake Villa Grade School, Rt. 21 and Grand Ave., Saturday at 7:30 p. m.

Speaker will be Chaplain Louis King of the Chicago House of Correction. Title of his speech will be From Prison Bars to a Crown of Stars, which is the story of his life.

THE RALLY WILL be preceded by a Bible quiz between Grant and Round Lake High School students on the first three chapters of Galatians. The rally will be highlighted with special vocal and instrumental numbers by young people.

Chaplain King, the speaker, is said to be a much sought-after speaker and will present a message especially for youth. He is a former member of the Vincent Lopez orchestra and has studied to be a rabbi. But he left his studies incomplete and was converted to Christianity.

All young people of this area are invited, there is no admission charge.

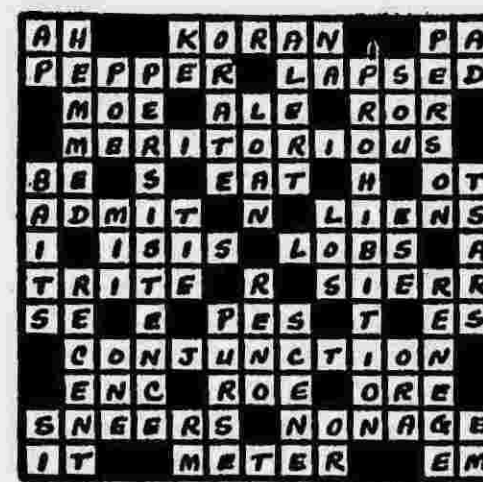

Study Am. Government Full Year at ATHS

Study of American Government at Antioch Township High School will take a full year with one unit of credit, the school board voted last week.

A 13-point list of reasons why the course should receive more emphasis was presented to the board by Mrs. Jeanette Tulumello, chairman of the social studies department. Among the reasons listed were: Time is needed to bring the level of understanding right into one's community, his family, school and other local areas; no additional cost for textbooks; and too much material to cover.

VIRUS RESEARCH SUPPORTED

To discover if some types of cancer in man are virus-caused, the American Cancer Society is supporting virus research with grants of about \$1,500,000. If it is established that viruses cause human cancer, a preventive vaccine might be found.

Gals' Singles Bowling Tourney Set To Open

Three big weekends of bowling for the ladies will begin here on April 4-5 in the Ladies' Handicap Singles tournament at the Antioch Bowl.

A prize list of \$855 has been set up, based on last year's 302 entries. First place is good for \$200 and a trophy. Second place gets \$100 and third place \$75. At least one of every seven entries will collect some prize money, says Jack Sampayo, co-owner of the bowling lanes. Entry fee is \$5.

THE GALS WILL bowl aided by

a 2/3 handicap, based on the difference between their highest league average and 100 scratch. They will bowl in squads of four, beginning every 20 minutes.

Besides the three weekends, bowling will be held on Wednesday afternoons, April 8 and 15.

As with the giant men's bowling show last month here, keggers can roll as often as they wish and collect once in the regular prize list, once from a special prize list which includes the highest series and the highest game on the first and second weekends.

New Sports Club Organizes At Fox Lake Hills, Leaders Named

"Fox Lake Hills Sports Club" will be the official name of the new sports organization. The club now has a membership of approximately 50 men and teenagers.

At the third meeting on March 11 Tom Dyson was elected president, Mike Riley as vice president, Paul Gossell as treasurer and Bob Camp-house as secretary.

MEMBERS PRESENT viewed sound movies on sport subjects such as PGA Golf 1958, Women's AAU Diving Champs, Air Force Swim Meet, Dog Training of Labrador Retrievers, The Indianapolis 500, Bermuda Yacht Race, etc. The movies were shown on a projector donated to the Sports Club by Ray Gorski who also donated a 16 mm camera which will be available to all members who wish to make use of it. "Those who were not interested in the movies played cards or enjoyed a swift game of ping pong."

Permanent committees were

formed as follows:

By-Laws Committee: R. Anderson, chairman, R. Frystak, W. Shogren, J. Jankowiak, B. Wellons, J. Turnbull, members.

Ways and Means: B. Groh, chairman, R. Coleman, P. Giovanetti, I. Ring, E. Jankowiak, E. Weathers, members.

Sports: R. Fesanco, chairman, R. Coleman, R. Lyons, R. Whene, D. Denk, J. Denk, members.

Entertainment: J. Frystak, chairman, N. Davis, F. Jokiel, E. Schwable, R. Hurdle, members.

MEETINGS WILL be held on the first Thursday of each month. The next meeting will be on April 2.

Those who were interested in playing 16 inch indoor baseball signed up with the sports committee. Try-outs will be held to form a permanent team to enter the Antioch League.

Members also discussed archery, boating and golf as projects for the immediate future.

'Magic' Basketball Squad At Salem Saturday In Scholarship Game

Spectators in the area will see one of the outstanding all-white traveling basketball teams, Harry Houdini's talented team from Seattle, vs. the Kenosha County All Stars Saturday at Salem's High School gym.

The County All-Stars consist of many of Central's graduates and former players, including last year's leading scorer, Ray Lubkeman.

A 7:30 preliminary precedes the main game between the All Star graded school players. These teams are coached by players of the Central squad.

THE EVENT is sponsored by the Central High School Community Club and the proceeds go toward scholarships and awards.

Ticket outlets are at the grade

schools and the Central High School.

Harry Houdini, a Sioux Indian, is one of the greatest ball handlers and showmen of all times. As an added half time feature, Harry spins six basketballs simultaneously, plus doing numerous other tricks. He offers \$1,000 in prizes to anyone who can duplicate his many feats. There has never been an all-white traveling group as gifted and talented as Harry Houdini's comedy group which excels in entertaining the fans with their antics and bag of tricks.

Refreshments will be sold by the Future Homemakers Club. Central's spacious seating capacity should provide ample seating for every spectator.

Track, Baseball, Golf Calls Out at Salem

A partial call for baseball and golf has been issued at Salem High School, according to Dorm Grams, athletic director at the school.

FULL PRACTICE for the two sports as well as track will get under way by next week, as soon as the intramural basketball program is completed.

Grams will be coach of the golf squad and William Becker will head the baseball team, assisted by John Fisher. Bob Brice is the track mentor, assisted by Roger Terry.

League Drops Plans For Meet Here

Plans for a tournament for the McHenry County Basketball League to be held in Antioch have been cancelled says Frank Ballstren, coach of the Antioch Scouts.

The tournament was to have been held here next Sunday to determine a league champion from a series of play-off games.

NO REASON WAS given for the cancellation and so it appeared that cage fans have seen their last game of the season here.

Antioch, which finished in second place in the loop, still will be given a trophy for its brilliant play. It was the only team to beat the league champions, Posner's of Waukegan.

Final standings of the league are as follows:

	W	L
Waukegan	19	1
Antioch	17	3
Dundee	16	4
Wauconda	13	7
Algonquin	11	8
Round Lake	9	10
Grayslake	8	12
Woodstock	7	13
Cary	3	17
Alden	1	19

Palatine, with a 5-11 record, dropped out of the league near the end of play.

ATHS Students Get Notice of Scholarships

Antioch Township High School Seniors who won honorary or monetary scholarships from the Illinois State Scholarship Commission have been informed of their scholarship status.

These students include Steve Aschenbrenner, Bryan Cain, Alan Moorman, James Quinn, Cleon Schley, and Caroline Stoffel. Although Sonya Pickus received one of the highest scores among the group, she was not awarded a state scholarship because she will be attending on out-of-state college, the University of Michigan, at Ann Arbor.

"Guard your family—Fight cancer with a checkup and a check," is the slogan of the American Cancer Society's 1959 Crusade.

Leukemia, a form of cancer, killed about 2,000 children last year in the United States.

On March 14, 1929, aircraft from the Naval Air Station, Pensacola, Fla., completed 113 mercy flights in a 24 hour period, flying food, clothing and medical supplies to towns in Southern Alabama and Western Florida suffering badly from floods.

4 Records Fall At Salem, Yates Individual Cage Star

Records are made only to be broken and at Salem Central High School records fell by the wayside in the just-completed basketball season.

Figures released Monday by Coach Dorm Grams at the school show that three team records were set this year and one individual mark was recorded.

The individual scoring star was Ronnie Yates, flashy junior guard, whose 390 points in 23 games established a new scoring record for the six-year-old school. The old record of 360 points was set by Ray Lubkeman last year.

A NEW VARSITY total scoring marks also, was set with 1,323 points. And finishing with 13-10 record was the first time the cage team had ended over 500 percentage.

However all these marks, as well as a new team free throw record of .612 per cent, are in danger of falling next year. Only Dee Davis, Westman

second in scoring this year, leaves the squad through graduation. All the other starters are juniors, and must be highly favored to take the Southeastern crown.

Other individual honors were heaped upon Ron Yates who was named to the All-Conference first team and to the first all rural Kenosha-Racine county area team. Len Krawczyk and Dave Erickson also received places on the honorary teams.

SCORING TOTALS for the year were:

Player	Games	Points	Avg.
Yates	23	390	17.0
Davis	23	246	10.7
Krawczyk	23	241	10.5
Schulz	17	106	6.2
Neu	23	118	5.1
Erickson	23	93	4.0
Lentz	23	52	2.3
Straulin	14	25	1.8
Foulke	20	29	1.5
Weidner	14	14	1.0
Westman	3	3	1.0

ATHS Opens Baseball Drills With 4 Lettermen; Salem HS On Schedule

Baseball drills opened this week at Antioch High School with four lettermen and 12 other aspirants trying for the squad.

However, Coach Larry Leon is not starting this year as optimistic as he ended last year because he ended the season last year with seven letter winners, all of whom he felt would help the Sequoits to the conference championship this year. They finished second in 1958.

NOT SHOWING UP this year was Bernie LaBrose, last year's most valuable player as a sophomore and a leading pitcher. He has quit school and joined the service. His loss will be felt probably more than any other player, since pitching is 80 per cent of the high school diamond sport.

Bill Jarvis, last year's steady first baseman, failed to try out for baseball this year and Don Pyles, Antioch's all-around athlete must sit this semester out because of scholastic ineligibility.

Lettermen returning are Russ Cote, senior, who is an outfield, shortstop candidate; Dick Gudgeon, catcher; Chip Eberman, first base prospect; and Ken Stepien, second base candidate. The latter three are juniors.

AT PRESENT only pitchers and catchers are working out in the ATHS gym which they are sharing with the 65-member track squad candidates. As soon as the trackmen move outdoors, the entire baseball crew will go into action.

This year's hard winter with deep frost and snows is expected to be a big problem for the high schoolers for the ground will thaw

slowly, Leon says. It will be tough to get the fields into proper playing shape.

But looking into the season, Leon assays his team thus: Pitching, no seasoning; hitting, good; infield and outfield, some experience.

THOSE TRYING out are: Pitchers: Sig Nielsen, Jr.; Don Wiegell, Jr.; Jim Keegan, Jr. (no relation to the White Sox hurler); Stormy Oberg, Jr.; Jerry Dahlman, Jr.; Paul Magiera, Sr.

Catcher: Dick Gudgeon, Jr.

Infield: Russ Cote, Sr., ss-3b; Chuck Schuth, Jr., ss-3b; Tom Golden, Jr., 1b; Ken Stepien, Jr., 2b; Chip Eberman, Jr., 1b; Dahlman, 2b-3b; Magiera, 1b.

Outfield: Dick Wolf, Jr.; Larry Locher, Jr.; Oberg; Bob White, Sr.; Jim Portalski, Sr.; Cote.

THE 15-GAME season begins April 7 and includes 12 conference games. The schedule:

April 7—Grayslake, there
April 10—Ela-Vernon there
April 14—Round Lake, here
April 15—Fenton, here
April 17—Grant, there
April 21—Wauconda, here
April 23—Fenton, there
April 24—Salem Central, there
April 28—Warren, here
May 1—Ela-Vernon, here
May 5—Round Lake, there
May 8—Grayslake, here
May 12—Grant, here
May 15—Wauconda, there
May 22—Warren, there

The schedule includes Salem Central High School and will mark the first athletic competition on a varsity level between the two schools.

A FREE RIDE on Sputnik, house cat owned and trained by the Loren Porters of Petite Lake is taken by this four-day old chick. Sputnik shows he would rather eat cottage cheese than chickens.

THAT LOOK ON the cat in the center is not of hunger, but of curiosity about the bunnies which share his resting place. The parakeet on the cat's head is another friend. Barely visible near the cat on the right are two baby chicks.

Porters Of Petite Lake Prove Lamb Can Lie Down With Lion

It may be hard on a cat to keep from biting bite-size birds, especially when they're so close to the mouth—but with proper training, he can do it. It's almost like the lamb and the lion from the Bible.

The Loren Porters of Petite Lake have proved it with two other cats and by this time Sputnik, their black and white alley cat may have learned to leave the blue parakeet alone.

"Patience" is the secret of proper training of all animals but one suspects the patient training is harder on the cat than the people. Especially when the parakeet likes to tease Sputnik by buzzing his natural enemy, as he continually demonstrates.

But the Porters are confident that Sputnik will learn soon that the parakeet is his chum. Since last Monday he has learned that two baby chicks are not to be eaten, and through progression, the bird will be introduced to the cat in hopes he knows the same thing.

Training animals is not a new experience to the Porters for they are old animal fans for years. They began by teaching a part Collie, part Shepherd dog in Wauconda years ago. By the time they were forced to give him up, the dog was a full fledged member of the family with hunting habits which far surpass some natural hunting dogs, Porter says proudly.

FOLLOWING A MOVE to Mundelein, the Porters got two cats which, after training, became fast friends with baby chicks, a parakeet, and a baby rabbit—healthy and tasty foods all, for a cat, but never was one harmed.

Besides having a great deal of patience, Mrs. Porter explains that you

WELL-TRAINED is just the word for these cats formerly owned by the Porters.

have to understand animals a lot in order to train them properly. She notes that it hasn't been all success in training pets.

They fell in love with a part fox terrier at the Orphans of the Storm shelter in Deerfield but were warned he was incorrigible. Though all kinds of loving treatment was tendered to the dog, he kept a mind of his own and remained incorrigible.

So now at Petite Lake Park, the Porters are once again trying to train an alley cat to appreciate the finer things of life—companionship with his feathered friends.

Engineers Set Hearing For Fact Study On Waukegan Harbor Work

Folks are marshalling facts even in Western Lake County for the public hearing April 7 at Waukegan, for the army engineers to decide the advisability of modifying the authorized federal project by extending the deep-draft channel at existing project depth.

The existing project includes a northerly exterior breakwater, parallel piers, entrance channel, outer harbor, channel between piers, inner basin and anchorage area. Project depth in the entrance channel and outer harbor is 22 feet and runs to 8 feet in the anchorage area.

THE ENGINEERS are seeking information about vessels using the harbor now and those in the foreseeable future; extent and character of industrial development and waterborne traffic anticipated; savings that might be realized if additional navigation improvements are provided and degree of cooperation that local interests are prepared to furnish.

Persons in West Lake County having facts to present should have them in writing and can submit them in person or mail them to Col. J. B. W. Corey, Jr., Dist. Engineer, 475 Merchandise Mart, Chicago 54.

If facts prove that it would not be advisable to modify the Waukegan harbor at this time, then it will not be done, Col. Corey indicated.

New Water Meter Given Test by Town

A new type water meter may go into operation in Antioch if one being installed at the village hall proves successful.

Members of the Village Board last week viewed the meter designed for inspection from the outside for homes where access is difficult or where people are not at home when meters are read.

COST OF THE meter is about \$10 more than present counters the board members heard. It will be in operation at the village hall so that residents can view it in operation and persons taking out building permits may inspect the device.

One board member asked if the meter belongs to the resident when he buys the permit and pays the connection fee. He posed the question to inquire if a person when moving, could take his water meter along or if it is property of the village.

"A person has to buy a permit to hook on the water line, then has to buy a meter to see how much he is to be charged." He likened it to the telephone installation but a check shows only the instrument and service are rented from the phone company.

Towns Get Share Of Retailers' Tax

Antioch took in \$4,468.23 as its share of retailers' occupational tax for the month of December. The Antioch share was again a leader in western Lake County.

Other communities received the following amounts:

Barrington, \$7,316.93; Fox Lake, \$3,556.37; Grayslake, 2,956.15; Lake Villa \$700.54; Lindenhurst, \$55.17; Round Lake, \$1,696.79; Spring Grove, \$196.76; Richmond, \$620.47; Wauconda, \$2,505.32, and Zion, \$5,693.27.

Recovering From Stroke

Chester Hasney of California Subdivision is recovering from a stroke, suffered in November, at the Catherine Booth Hospital in Chicago, a Salvation Army Institution.

The therapy he has received there in the past six weeks is helping him recover the use of his left leg.

Mrs. Hasney, who has been driving to Chicago to visit him, now has employment and living quarters at the Salvation Army Lodge, which is across the street.

Dr. Carlucci Named To Head CP Drive

United Cerebral Palsy of Greater Chicago has announced that Dr. Richard Carlucci, 1615 Highland Ave., Antioch, has been named chairman of the "53-minute March for Cerebral Palsy" in Antioch.

The house-to-house march will take place on Tuesday night, May 19, between 6 and 9 p.m. It is part of the annual May fund-raising campaign of United Cerebral Palsy, which is the community agency serving the cerebral palsied in Cook, Lake, DuPage and Kane counties.

This is Dr. Carlucci's first year as area chairman for the United Cerebral Palsy drive.

More than 20,000 persons in the Chicago-area are affected by cerebral palsy. The "53-minute March" refers to the fact that a child is born every 53 minutes with cerebral palsy.

Last Year over \$350,000 was raised for local services such as medical care, therapy, equipment, child care, recreation and for national programs of research and training. Seventy-five per cent of the funds raised are used locally.

Last year cancer took the lives of 255,000 Americans. About 260,000 will die this year if present rates are not checked.

Mystery Letter Lures Students To Lake Forest College Speech

By Sue Owens

On Sunday, March 8, Joe Etten, Terry Ptack, Jim Cain, Bryan Cain, Jane Lassen, and Sue Owens attended a meeting at Lake Forest College. They had all received mysterious post cards with only the date "March 8, 1959" on them.

Naturally, they were all curious about this, but it got even more mystical when they received invitations in the mail to a meeting of the "youth leaders of the North Shore area." Finally, each of them got a letter stating what the meeting was and its purpose.

THE PURPOSE of the meeting was to introduce a new scouting program for boys between the ages of 14 and 18. It was the first meeting of its kind in this part of the United States.

After everyone had arrived at the

meeting, Henry Brandon, the musical director at the Chez Paree, addressed the group. He explained the general purpose of the meeting and how the Explorers could help curb juvenile delinquency.

Next came a "chalk-talk" by Geovil Nereim, whose hobby is making interesting pictures on paper with charcoal. Through pictures and words, he told about a new book which contains facts all about boys—their worries, problems, whether they like adult supervision or not, etc. Mr. Nereim ended his discussion by saying we need explosive force behind this Explorer program, and emphasized this by using a noisemaker which shot strings of crepe paper into the air as it made a loud "BANG!"

A MOVIE WAS shown illustrating many activities of Explorers. They go skin-diving in the Gulf of Mexico, camping in Arizona, and sponsor dances and swimming parties. One group of Explorers had a "Glamour Panel." This was three girls from a nearby college who helped the boys with any problems they had about taking out girls, manners, and so forth.

At the close of the meeting, group pictures were taken and refreshments were served.

The new Explorer program is a wonderful opportunity for teen-age boys, and it certainly has the support of those who attended the meeting.

Seniors Plan Class Trip and Graduation

The graduating class of this year has been doing a good deal of planning and preparing for graduation and the annual class trip.

The caps and gowns which are used in the graduation ceremony have been ordered. They are grey with red trim.

THE CLASS HAS also chosen the graduation announcement. It is a very formal card with black printing and a touch of green on the front.

The class project at the present is the traditional senior class trip. A committee has been chosen to consider possibilities. The committee consists of: Bryan Cain, Marie Weigand, Rebecca Anderson, Paul Magiera, Bill Dressel, Chris McNeil, John Proesel, Forrest Stahmer, Sally January, and Karen Van Patten. The committee is sending for information on costs, distances, and facilities of each possibility. They are still open for suggestions; however, they have some very nice places under consideration. As soon as the choice can be narrowed down to two or three places, there will be a vote for the final decision.

If you see a quiet, rather stately boy with brown hair and blue eyes walking around with Mary Wertz, you are probably looking at Joe Zeien. Middle Baker, as he is known to his friends, spends no more time than necessary in the gym although physical education is his favorite subject.

Being 17 and in his last year of high school, which he thinks is O.K., he is making plans for after school. As they stand now, it's the Navy for him. Maybe he thinks in the Navy he can get plenty of his favorite food, lobster.

Sally January is her name, but she is usually called "Sal." She can be seen with Margie, Chris, Bev, and the rest of the kids. She is 17 years of age, has brown hair and blue eyes. Her favorites are secretarial studies and ham with all the trimmings. Her birthday is June 22 and she enjoys baseball, golf, and bowling.

Sally has been active in many school activities, including chorus, band, Modern Music Masters, monitors, Latin Club, and Tom-Tom staff. She likes people who are natural and dislikes people who judge by economic status only.

Sal's opinion of ATHS is, "It is a good school." After graduation she plans to become a secretary or a reporter for a magazine.

Parseghian, Popular NU Football Coach, To Speak At Athletic Dinner

By Dick Gudgeon

Ara Parseghian, head football coach at Northwestern University, will be the guest speaker at the Lions Club annual Athletic Banquet on March 23.

Parseghian has been head coach for the last three seasons. In his

first season as coach at Northwestern, his team had a 4-4-1 record, quite an improvement over the winless previous season. In his second season the team slumped to a winless season but the team suffered heavily from injuries.

IN 1958 Northwestern, under his aggressive leadership, compiled a 5-4 record. Among the victories was a 21-0 win over Ohio State, defending Big Ten Champion. This was the only loss of the season for Ohio State. The Northwestern Wildcats set a new school record for scoring with 199 points. The old record of 189 points was set in 1943.

Parseghian's team uses a "T" formation with variations. Much of his coaching success has been attributed to his ability to transplant his own high degree of drive and competitive spirit into his players.

JABC Sponsors Teen Broadcast

Have you heard "Teen Canteen," a Junior Achievement Broadcasting Company production? Listen to WKRS (1220) every Sunday afternoon from 2:30-3:00 to hear the latest in news and sports from the neighboring high schools. As a special feature on "Teen Canteen," JABC chooses the score from a popular stage play for the weekly musical portion of the show. Why not listen Sunday afternoon to "Teen Canteen"?

Incidentally, if your school organization isn't represented in the news this weekend won't you send a note of the up-to-date happenings to: Junior Achievement Broadcasting Company, 2419 Washington Street, Waukegan.

Set April 11 For Mother-Daughter GAA Banquet

The Girls' Athletic Association has given out the invitations for the mother-daughter banquet to all of the members. The banquet will be held on Saturday, April 11. It was decided that the theme would be "Mardi Gras." Committees and their chairmen have been chosen and already started planning.

On Thursday, March 12, the alumni played against the All-Stars. The score of the first game was All-Stars 20, Alumni 5. The second game was won by the All-Stars, 15-4.

The team standings as of last week are: first place—Barnstable; second, Cribb; third—Keulman; Fourth—Van Patten; fifth—Ozga; sixth—Krakowski; seventh—Davis; eighth—Kubs.

Students Enjoy Day Off While Teachers 'Work'

The students of Antioch High enjoyed a free day from school last Friday, due to the fact that all the teachers attended a Teachers' Institute meeting at Zion.

The holiday was greatly appreciated by some of the superstitious students because they didn't have to worry about the influence of Friday, the 13th on their test grades.

Senior Play Cast Working On 'What A Life' For April

By Jan Keisler and Russ Cote

On April 3 and 4 at 8:15 p.m. in the high school auditorium, the senior class will present a three-act play entitled "What A Life."

The play takes place in the principal's office. It shows the administration and the teachers' problems with a student named Henry Aldrich. Henry is suspended for any one of six reasons—only two offenses of which he is guilty. Henry has real trouble.

THE CAST consists of Henry Aldrich, the troublesome student, played by Bill Dressel, and other students, including Barb, Henry's girl friend, Oma Lee Belke; Gertie and Bill, two persistent students, played by Sandy Barnstable and Rich Schlarbaum, respectively. Jim Quinn plays George Bigelow, the smiling sheik of the school.

The stern principal, Mr. Bradley, (Alan Moorman) and the lenient assistant principal, Jim Tully, combine with the office secretary, Jill Gaston, to make up the office administration.

The teachers are Mr. Patterson, Art Wollpert, the short tempered history teacher; Miss Pike, the chronic complainer, Faye Mann; and Ione Cribb plays the part of Miss Johnson, a versatile P. E. teacher. Miss Eggleston, the unsympathetic study hall teacher, is played by Jan Keisler, and Miss Wheeler, an excitable music teacher, is played by Mary Lou Geist.

RUSS COTE PLAYS the part of Ferguson, a detective who helps Miss Wheeler find her lost musical instruments. Mr. Vecchitto, an Italian played by Andy Milowski, has a daughter who apparently does not go to Central High School. Mrs.

Aldrich, Judy Maleck, is the mother of Henry.

The play is under the direction of Miss Nickelson, and Kitty Saylor is stage manager.

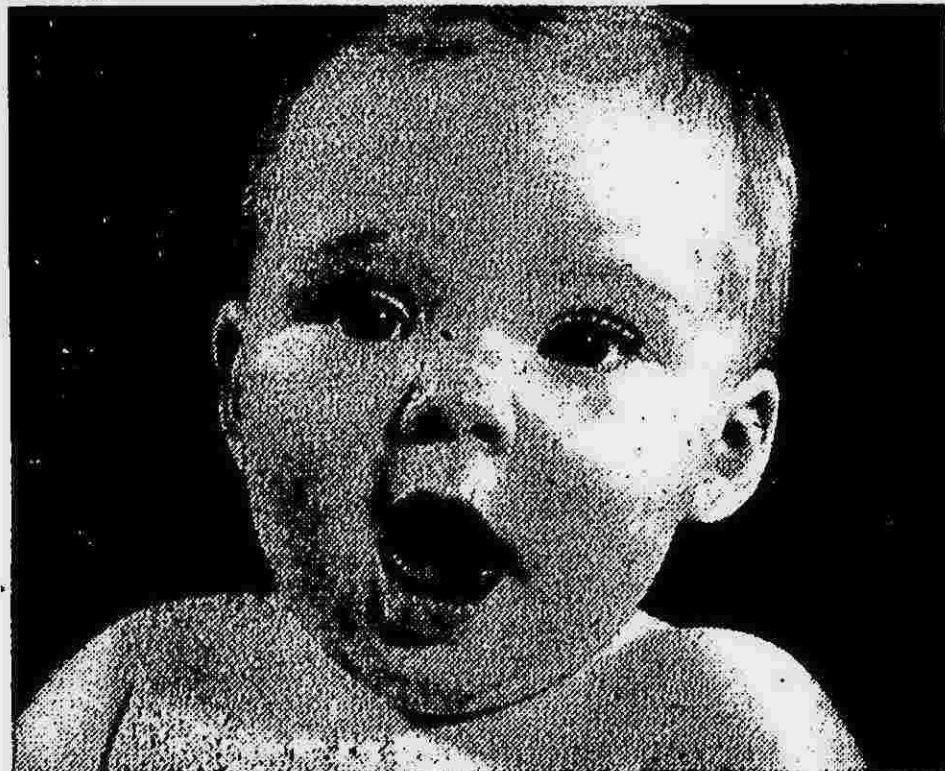

The cast is already familiar with the first two acts and will use the remaining time for the third act and putting the final touches on the play. The stage hands are working hard to assist the players in presenting a very entertaining play.

Freshmen Appeal for Good Used Clothing

An urgent appeal is made to American schools to help provide clothing to aid orphans in 250 orphanages and other needy children and adults in 34 countries. Antioch Township High School is responding to the appeal through a drive conducted by the freshman class.

The drive will begin March 17 and continue through March 26. If students have any old clothing to help the needy, they should deliver it to the high school office or send it with any freshman student. If you would like to pack your clothing in the bags provided, please secure them from Mrs. J. Tulumello, freshman class sponsor, or from Jim Bill Cain, the class president.

TWO-THIRDS OF the people of the world are still under-fed and ill-clothed. With this clothing thousands of orphans and other needy children and adults will be helped. World Clothing Week provides aid overseas, on American Indian Reservations, and in areas of need in the United States.

"YOU MEAN IT'S AS SIMPLE AS THAT?"

West Co. Girl Scouts Set 9th Exhibit Saturday

Lakeside Council Girl Scouts are incorporating four projects into their ninth annual exhibit which will be held at the Round Lake High School Saturday. Admission is free. Doors will be open from noon to 4 p.m. with the hour and a half stage show starting at 1 p.m.

Lakeside Council Girl Scouts consists of seven neighborhoods: Antioch, Round Lake, Gages Lake, Wildwood, Fox Lake, Grayslake, Lake Villa and Ingleside with a total of 1406 girls and 325 leaders. Most people think Girl Scouts are great but aren't quite sure just what they do. Here will be your chance to get acquainted, leaders state.

THE FOUR PROJECTS being covered by the Lakeside Council will be large displays of many types of handicrafts the Girl Scouts have learned during the past year; an art contest which is nation-wide for scouts from Brownie level through Senior scouts; a stage presentation of dramatics, dancing and singing; and a promotion for a campsite which is so badly wanted and needed for all these Girl Scouts.

"You Can Count On Her—To Be Creative" is the National theme for Girl Scouts for 1959. The seven neighborhoods of Lakeside Council will carry out the national theme and also demonstrate the 11 different fields of interest in the Girl Scout program for their stage presentation—grouped this way: Literature and Dramatics, Music and Dancing (with dancing, singing and a puppet show) Antioch; Home-making (with a skit) Ingleside; Health and Safety (a skit) Lake Villa; Agriculture (a natural with its Farm Bureau for information) Grayslake; Community Life and International Friendship (choral singing of foreign songs in English) Round Lake; Sports and Games (sports for each month of the year will be portrayed) Fox Lake; Nature and Out of Doors (A Scout's Own during last night at camp) Gages Lake-Wildwood.

The five Senior teen-age Scouts from Lakeside Council who will attend the Senior Roundup at Colorado Springs, Colo., in July will be introduced. The Roundup is the largest single event for girls to be sponsored by the Girl Scouts of the U. S. A.

The five Senior Scouts and their alternates—all selected on their merits and accomplishments are: Bonnie Spinney, Round Lake, Eileen Teasdale, Grayslake, Karen Jewel, Gages Lake, Emily Reichenbach, Antioch, and Kay Kerry, Gages Lake. The alternates are Donna Morris, Gages Lake, Roberta Stoessel and Joy Cortese of Round Lake. Mrs. Lloyd Cowell is their director. They will sing new songs created especially for the 1959 roundup.

A NATIONAL GIRL Scout art contest which is being held in conjunction with the Roundup will uncover hidden talent in the troops and communities. Lakeside Council is most fortunate in having two very prominent artists who will judge the winners. They are Mrs. Willadene Nicholas of Grayslake, artist and instructor of art, and Mrs. Margaret Calhoun, artist and teacher of art at Grayslake High School.

"Picture Your Home Frontier"—in photographs, prints, drawings, paintings for the Roundup Art Exhibit will be a Panorama of America. Lakeside Council will be allowed to send four winning entries to the Roundup, as they are in group three according to the classification of number of girls scouts per council. These entries will be on exhibit throughout the Roundup and from there will be used in magazines, national road tours, etc.

The fourth project to be presented is one so vitally wanted and needed by the Girl Scouts of Lakeside Council—a campsite of their own.

"TO DATE A VERY small percentage of girl scouts from Lakeside Council have been able to know what camping means," says Mrs. Eugene Erickson, council president. "It's a very difficult, deep, heartfelt problem to select just 200 Brownies for Day Camp or 100 Girl Scouts out of over 1,400 registered girls of our council who will be allowed to attend Girl Scout Camp this year."

Lakeside Council has been fortunate in the past in being able to rent Y.M.C.A. Camp Hastings and sending this listed number of girls for a week during the summer. However, Camp Hastings does not have facilities to handle any more than this and Scout plans conflict with the camping schedule of the Y. M. C. A.

The Council needs 10 to 40 acres of wooded land within 100 miles of this area. Water frontage is not

necessary nor is it necessary that the property have buildings as the girls can camp out in tents.

An outright or partial donation would answer needs, but council is prepared to conduct a fund drive if necessary.

THE CAMPSITE committee members are Mrs. Eugene Erickson, Mr. and Mrs. Richard Arion, Mr. and Mrs. Martin Vehlou, Mr. and Mrs. Eugene Lawman, Mrs. Joseph Sadilek, Mr. and Mrs. Francis Illian. Illian is acting as campsite chairman and will be at the Camping booth at the Exhibit Saturday to answer questions and receive information. Mrs. Illian will be the new Camp chairman this year, filling the position formerly held by Mrs. Harry Jesse.

The Juliette Low World Friendship Fund chairman is Mrs. Glen Backovich. She will accept the donations presented by the 86 troops of this council at a special ceremony Saturday. The money donated in the name of the founder of the Girl Scouts is used to promote International Friendship throughout the world. Food and refreshments will be sold by the Senior Scouts.

The Exhibit chairman is Mrs. Glenn A. Johnson. Her committee members are Mrs. John Seibert, Jr., Mrs. Richard Arion, Mrs. Lester Hribaar, Mrs. William Clayborn, Mrs. Joseph Sadilek, Mrs. Harry Lindhorst, Mrs. Lloyd Cowell and Mrs. Martin Vehlou who also is in charge of Public Relations.

Form New Girl Scout Troop By St. Peter's Group

A new Girl Scout Troop has been formed in the Antioch area.

It is Troop 5, which will be under the sponsorship of the Altar and Rosary Society of St. Peter's church of Antioch. It is the first scout troop that the Church has sponsored.

Mrs. George Sedevic will be the troop leader, Mrs. Frank Moser, co-leader, and the following are serving on the troop committee: Mrs. LeRoy Frank, chairman, Mrs. Paul Zelen, secretary, Mrs. Dudley Kennedy, treasurer, and Mrs. Nick Ream, and Mrs. John Fries, members.

THE MOTHERS of the girls, who number 34 at present, had their first meeting Monday at the Church hall. The regular troop meetings will be held after school every Tuesday from 3 to 4:30 at the School Hall.

Did you ever see an "OIL" horse?

"Oil" horses are found in herds on western Canadian prairies, in rich Oklahoma and Texas oil fields, along the California coast and on deserts. Some are roamers but most are not. Theirs is a life of day-in day-out toil.

They chug, jerk and snort. Rhythmically they jog up and down to siphon century-old "crude" from tiny pores in oil bearing rock formation sometimes more than a mile beneath the earth's crust.

Later the crude oil is refined and shipped to firms such as ours — the W. V. Lahti Oil Company of Antioch.

We live better because of "oil" horses — creations of oil men who this year are celebrating their first 100 years of progress.

Teen Driving Problems Solved? Wait Till '70

If we think we've got problems now, teaching our young people to drive safely, Brrruther! Wait 'til 1970!

These are the sentiments of Dr. Forest R. Noffsinger, safety education specialist at Northwestern University's traffic institute.

In 1970, according to Dr. Noffsinger, boys and girls will be reaching legal driving age at the rate of nearly 8 per minute or 11,100 a day. A little rapid calculating shows that this amounts to more than 4 million potential new drivers a year.

MAKING A PLEA for an accelerated driver education program in high schools, Dr. Noffsinger said:

"With the sputnik-impelled demand from some quarters for almost exclusive emphasis on science and mathematics education, we dare not squeeze out driving education from our school program. Or what will it profit our nation to provide such scientific excellence only to have it snuffed out because of incompetence in the necessary task of driving to and from work? Rather we must provide increased emphasis on driver education to protect our brains, and this is particularly true in light of our rapidly increasing driving population."

The percentage of youngsters reaching driving age is increasing in almost geometric proportions, Dr. Noffsinger said. He pointed out that the five-year period ending with 1957 added some 11½ million new drivers, and that the four-year period ending with 1961 will add 11½ million more. Another 10½ million will be added in the three-year period ending with 1964, and by 1970 the increase will be more than 4 million annually.

"OUR POLICE AND courts also will feel the squeeze," and they too should make plans now to control the problems that will accompany the increase in motoring population.

"If—all our public agencies with responsibilities in traffic safety wait for this avalanche to hit, it will be too late."

Antioch Student On Business Unit Of State Cage Event

Jan Rogers, Rte. 2, Bluff Lake, Antioch, is a member of the business manager's committee, for State Tournament Weekend, March 20-21 at the University of Illinois.

The weekend is designed to provide entertainment for thousands of high school students and their parents and friends attending the Elite Eight basketball tournament. It is an expansion of High School circus activities held in previous years.

INCLUDED WILL be a vaudeville show, concession stand, activities, round-table and Reserve Officers' Training Corps displays in the Armory; a dance Friday night in the Illini Union Ballroom and banquets in honor of cheerleaders and queen contestants.

Event is sponsored by the Illini Union in cooperation with the Athletic association.

Says Red Cross Volunteer Work Is Neighborly

In Lake County, volunteer Red Cross workers outnumber paid employees by a ratio of more than 140 to 1.

One of the many reasons that persons volunteer for Red Cross work is expressed by William L. Thompson, Rt. 1, Grand Ave., Lake Villa. Thompson, who is manager of Sherwood Park in Lake Villa, says, "I look at Red Cross volunteer work as a community service. Something that helps my neighbors."

PREVIOUS TO his present position, Thompson was assistant superintendent of Lake County schools, and before that he was director of Educational services for the Lake County chapter of the American Red Cross.

At the present time, Thompson assists in teaching a Red Cross first aid refresher course to the members of the Lake Villa rescue squad.

A Famous American Ship

The Charles W. Morgan, built in 1841 and perhaps America's most famous whaling ship, remains today, tall and beautiful, a monument to America's maritime past. Now queen of the bustling maritime museum fleet of the Marine Historical Association, Mystic, Conn., she once sailed every sea in search of whale oil for fuel, bone for clothing, and perfume for fashions. Like the men of our modern American Merchant Marine, the men who served aboard the Morgan were American ambassadors in every foreign seaport. Today's merchant fleet, always available in time of emergency to supply our Armed Forces and transport our troops, is equally important in peacetime. The American Merchant Marine Institute, representing our modern oil tankers, colliers, cargo liners and passenger ships, is proud to salute the Morgan, and wish her another century of life at her pier at Mystic Seaport.

RESEARCH PROGRESS BACKED

This year the American Cancer Society is helping to support research by about 1,000 key scientists working in 117 hospitals, universities and laboratories in 33 states and the District of Columbia.

to hear a report from Congresswoman Marguerite Stitt Church on what is happening on Capitol Hill. Mrs. Church believes in her position as Representative in Congress in the fullest sense of the word. She pays scrupulous attention to mail from her constituents, polls their opinions on paramount issues and each year, on the days after Easter, reports to them what she has observed from her seat in the House of Representatives, the GOP women say.

The Easter Brunch is a feature of the educational program of the Women's Republican Club of the 13th District. Knowing that citizenship includes the obligation to act in the interest of good government as well as the privilege of freedom, the club stresses correct information as the foundation for proper opinions, which in turn, give the incentive for effective action. In her annual report, Mrs. Church gives to her audience a clearer understanding of what our government is doing and how and why new laws are passed.

THE CLUB was organized in 1950 to unite the Republican women of the 13th District and to promote the work of the Republican Party by presenting speakers on the national and state levels. It stimulates the work of the many local clubs in the District but takes no part in local affairs. Its members are also members of the Illinois and National Federations of Republican Women.

False Teeth Makers, Dentists, Into Battle

Makers of false teeth claim that if legislators will change Illinois laws to permit persons needing false teeth to buy them directly from the maker the cost will drop "at least 50 per cent."

Testimony given a legislative subcommittee in a hearing before a subcommittee of the legislative committee on the Medical Practices Act alleged that "gouging" on the part of some dentists who charge from \$150 upwards for a set of teeth that in most instances sell for less than \$57 per set, is responsible for some 65 per cent of persons needing such dentures from having them.

COUNTER TESTIMONY by representatives and witnesses of the Illinois State Dental Society sought to show that only a dentist with many years of education behind him could properly insert such teeth into the mouths of patients. However, this was offset by a witness for the makers, who threw into evidence a sheaf of "prescriptions" from dentists ordering such false teeth from the makers. Carelessly scribbled, at least one of such orders was written on wrapping paper and carried little pertinent information.

Witnesses for the dentists deplored such situations and admitted there were "blackguards" among their membership, but claimed that only a dentist should fit finished teeth.

THE PROBLEM will probably be one for the legislature to decide in view of testimony from both sides that the situation is far from perfect, although neither was agreed with

the other on what form the corrective take.

The subcommittee hearing in Chicago last week at which time this testimony was received, was under Sen. Marion E. Burks of Evanston, presiding as chairman; with Sen. William L. Grindle of Herrin, a committee member of the unit, and Sen. George P. Johns, of Decatur,

chairman of the main committee, present.

The first aerial mine-laying mission in the South Pacific was carried out on March 20, 1943, when 42 Marine Corps "Avengers" mined the waters off southern Bougainville in a dangerous night mission.

He put his elbow out too far. His arm went home in a different car.

The annual hospital bill for cancer patients is approximately \$300 million and the loss in goods and services amounts to some \$12 billion a year.

EVERYBODY TALKS AT the home of Mr. and Mrs. L. E. Thayer of Antioch as they try to solve family problems. Sharing the common problem here, whether it be a budget, school work, or a job prospect, are Eddie, 14, L. E. Thayer, Mrs. Laura Thayer, and 16-year-old Dick.

Meet Family Problems Head On With Regular Family Meetings

With the theory that problems can't be solved unless they're talked about, families in this area soon may be scheduling more family group meetings to meet these problems head on.

The meetings are an expected result of advice given by the Home Adviser of the extension service of the University of Illinois. Lessons on how to conduct these family gatherings have been given throughout the county recently.

"PEOPLE WHO can face their problems realistically and solve them to their own satisfaction without undue injury to others possess a high degree of maturity," says Mrs. Helen Volk, county home agent. "Many people find themselves in difficulty because they do not face the real issue."

Mrs. Volk tells of examples of real issue such as the husband and wife causing poor adjustment in their children; financial stress caused by poor planning in money matters; and even poor health, crowded and uncomfortable living conditions causing trouble.

But when the difficulties arise, as they do in all families, the thing to do is to discuss the trouble as a family, pinpoint it, and come up with solutions.

HOWEVER, SOME families have trouble "getting together" and so it is best to set a definite time for these family discussions, Mrs. Volk advises. Even if it's only an agreement to sit down together "when difficulty arises."

But it should be more than just a complaining session. Constructive family plans should be worked into each meeting.

Title of the series of lessons is "Everybody Talks at Our House," which is just what the family ses-

sions are to be. LEARN, TALK about each other's dreams, hopes, disappointments and desires. Then people learn to think in terms of the individual in the group and the group as a whole," she says. "They learn to share," which is probably one of the greatest things which can come out of a family meeting.

The setting for meetings is important, Mrs. Volk cautions. "Don't meet before meals, when people are tired or when there are outside interferences."

MEETINGS SHOULD be democratic with a leader elected by the family members.

Only one thing should really be avoided, the leader advises. That's not to get into gripe sessions or strike at the individual. Rather "attack the problem, not the individual," she says.

Of course results will not be guaranteed, but satisfaction will come with the amount of effort put into the discussions.

Church Group Reviews Life Of St. Patrick

19 From Area Meet At Orlando, Fla. Winter Visitors Club; Perfect Day

By Mrs. Herman Frank
Wilmot Correspondent

It was a perfect day for the winter reunion of the Orlando Winter Visitors Club. It was held at the Chamber of Commerce Bldg. on Lake Ivanhoe, in Orlando, March 4.

Some chose the shady porch for their table settings and others enjoyed the sun of the patio. A pot-luck dinner was served, ice cream and cake enjoyed later in the afternoon. Games were played and much visiting done among old friends, and new acquaintances were made.

Sixty-two people came, among them the following: From Salem: Mrs. Frank Dixon, Mr. and Mrs. Arthur Feldkamp, Mr. and Mrs. Harry Olson, Mrs. Ida Schultz.

Of Wilmot: Mr. and Mrs. George Higgins.

Of Kenosha: Mrs. Claribel Anderson, Harry Bain, Andrew Baker, Mr. and Mrs. Pat Sandin, Mr. and Mrs. Fred Schoncheck.

Of Bristol: Mrs. Minnie Dixon.

Of Antioch: Dr. and Mrs. Elmer Grabow, Mrs. W. C. Henslee.

Quality of workmanship, for him, for us: FOREMOST

Benjamin Franklin was a printer. He took the liberty to learn to print well, first in England and later in the Colonies. He did excellent work even though his equipment looks crude to printers of this modern world. We, like Franklin, do excellent printing. We invite you to have your printing done in our shop.
